### Babysitting Plan

We agree to the following Compliance Plan concerning the allowance of Foster Children to baby-sit.

1. In order for any Foster Child placed in our home to do babysitting for our biological children or other Foster Children placed in our home, we must have the written approval from the Foster Child's Social Worker to do so as well as the written approval from the Social Workers of any Foster Child whom babysitting would be provided for.
2. Upon receiving written approval from the appropriate Social Workers for a Foster Child to baby-sit other children in our home, the Foster Child will receive compensation for his or her services. Babysitting will include anytime that a Foster Child provides care for another child. This is not dependent on the length of the service provided and will include watching children after school.
3. If a Social Worker does not permit a Foster Child placed in my home to baby-sit, we will seek another babysitter.
4. Any person that we have identified as a babysitter and are 16yrs-18yrs old who is going to provide care for Foster Children in our home, we will need to have the written approval of the Social Workers of the Foster Children. If approval is given, this person will need to have an authorized background clearance, first aid and CPR, and HIV/AIDS training if the babysitting is a regular arrangement.
5. A babysitter must be at least 16yrs of age. If the babysitter is under 18yrs of age, the babysitter cannot be responsible for more than 3 children.
6. No SAY (sexually aggressive youth) children will be allowed to baby-sit other children.

**Policy: Cellular Phone Use in Foster Homes**

**WAC 110-148-1450** requires a telephone in the foster home for incoming and outgoing calls. Increasingly, families are electing to use cellular phones instead of the traditional land lines; this is acceptable provided the WAC is met.

**WAC 110-148-1450** Do I need a telephone at my home or facility? The State of Washington has two requirements for the telephone that you must meet at your home or facility.

- (1) You must have at least one telephone on the premises for incoming and outgoing calls. The telephone must be accessible for emergency use at all times.
- (2) You must post emergency phone numbers next to the phone, or at a specified place for easy access.

- 2) Emergency phone numbers located next to the cell phone or at a specified place for easy access and cell phone is charged for immediate use.

**It is the general policy of A Place Called Hope that foster children should not own personal cell phones while in the APCH Foster Care Program. However, if having a personal cell phone is necessary or recommended by child's social worker and acceptable to the foster parents the foster child may have a personal cell phone as long as the following provisions are in force. This does not preclude providing a temporary cell phone to a foster child for limited activities allowing them to stay in touch.**

- 1. Any use of cell phones should be discussed with the case manager.
- 2. The cell phone is not included in the foster parents or another person's family contract.
